### CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

O. V. Not Sent—Miss Captured—What She's Downward—Shooting at Gracey—Col Henry In Louisville Without an Overcoat.

Parson's Grave Camp Meeting.

The camp meeting at Parson's Grove, in Logan county, will commence Friday, July 23, and last nine days. Rev. J. P. Lowry the evangelist of Little Rock, Ark., will conduct the meeting. Quite a number of people from this city are preparing to attend.

One Hite Caught at Kansas City.

Kansas City, July 7.—One Hite was captured here last night. He has confessed to the killing of Constable Green, at Sturgis, Ky., and the robbery of the express cars at Calera, Ala., and the one near Clarksville last week.

Down Goes Wheat.

Wheat opened at 60 cents but only a few crops—those first getting to market—were sold at that figure. The mills were soon supplied with enough to resume grinding and on Monday cut the price to 58 cents and it will go still lower. On Monday the price of flour was dropped \$1.25 a barrel, the patent brands being lowered from \$5.50 to \$4.25 at retail.

Shot Him in the Back.

At a colored festival at Gracey last Saturday night some of the crowd got into a row and during the fight a son of Martin Van Buren Russell was shot in the back, near the hip. The wound while considered a very serious one, is not necessarily fatal. Russell does not know who shot him. No arrests have yet been made.

The Hot Spell Still On.

The hot spell that has kept the mercury in the nineties for nearly a month is still doing business at the same old stand. Every day this week the thermometers have registered from 92 to 99 degrees, yesterday showing a decided upward tendency. This summer will be remembered as one of the hottest on record. It has been all hot weather since early in June.

Shooting at Outrigger.

Guthrie, Ky., July 8.—Dan Jordan, a negro man from Nashville, shot and dangerously wounded Bate McCortley, a negro woman here, the shot taking effect in the side. The woman came up from Clarksville and met Jordan, the trouble resulting from his accusing her of stealing some money from him. Jordan was arrested and put in jail at Elkton.

The "Wet" Won in Elkton.

Elkton, Ky., July 6.—Elkton is again a "wet" town. For some months past there has been going on before the city council a contest for and against the sale of liquor in the city, both sides in the fight being represented by able legal talent. The fight was concluded Saturday night by the council granting liquor license and within a few days two, and perhaps three saloons will be in operation here.

Col. Henry on The Weather.

The Courier Journal of Wednesday contained a good picture of Jonett Henry in connection with an interview with him on the subject of the weather as follows:

Lieut. Col. Henry, of Hopkinsville, has been a member of the Kentucky State Guard sixteen years, and has attended a number of annual encampments. He declared that yesterday was the warmest day he had ever spent in camp.

"I am afraid," said he, "that our men will not be able to do their best if the oppressive weather continues."

The Ohio Valley not sold.

The Sale of the O. V. road at Henderson Tuesday was postponed until next Tuesday. It had been understood that a representative of the Illinois Central would be on hand to bid in the property for that corporation. If such was the case the gentleman failed to declare himself.

When it was seen that no bids would be made, a consultation was held and it was agreed to postpone the sale until next Tuesday at the same hour and place. There is little doubt but that the I. C. will purchase the O. V. as the first named road now owns a majority of the latter's bonds.

A motion will be made before United States Judge Burr, at Louisville next Saturday, for a reduction in the upset price, which is now \$1,050,000. The Central wants to acquire the new line as cheaply as possible and all possible machinery likely to accomplish that end will be set in motion.

Capt. L. D. Hockersmith, of Madisonville, was bitten three times by a water moccasin while bathing in a lake. His injuries were not serious.

### GRATIFYING RESULTS.

The Kentuckian Centennial Edition Meeting Generous Support.

EVEN BEYOND THE HIGHEST EXPECTATIONS.

The Kentuckian is gratified with the support and encouragement which its special Centennial Edition is receiving from the leading firms of the city—as well as manufacturers, and professional men, and all branches of trade. The native pride of every Kentuckian should assert itself, now at this propitious time to spread the fame of Hopkinsville abroad and all should join forces, in the time left before its publication, to do their share to shed a lustre on this city and Christian county. Remember this great opportunity is one of a lifetime. Public spirit and enterprise is, always, willing to do its own share in building up a town and no worthy man will expect his neighbor to do his share for him. Now is your time to advertise.

The Tariff Bill Passes the Senate.

Washington, July 7.—By the decisive vote of thirty-eight to twenty-eight the tariff bill was passed in the Senate shortly before 5 o'clock to-day. The vote in detail on the tariff bill in the Senate was as follows: Yeas—Allison, Baker, Burrows, Carter, Clark, Culom, Davis, Deboe, Elkins, Fairbanks, Foraker, Gallinger, Hale, Hanna, Hawley, Jones (Nev.), Lodge, McBride, McEnery, McMillin, Mantle, Mason, Morrill, Nelson, Penrose, Perkins, Platt (N. Y.), Platt (Conn.) Pritchard, Proctor, Quay, Sawall, Shoup, Spooner, Warren, Wellington, Wetmore, Wilson—38.

Nays—Bacon, Bate, Berry, Caffery, Cannon, Chilton, Cuy, Cockrell, Fankner, Gray, Harris (Ka.), Jones (Ark.) Kenney, Lindsay, Mallory, Martin, Mills, Mitchell, Morgan, Penco, Pettus, Rawlins, Roach, Turner, Turpie, Vest, Walcott, White—28.

An analysis of the final vote shows that the affirmative was cast by thirty-five Republicans, two silver Republicans—Jones of Nevada and Mantle—and one Democrat—McEnery—total, thirty-eight.

The negative vote was cast by twenty-five Democrats, two Populists—Harris of Kansas and Turner—and one silver Republican—Cannon; total, twenty-eight.

Eight Republicans were paired for the bill, and eight Democrats against it. The Senators present and not voting were: Populists, five—Allen, Butler, Heitfeld, Kyle and Stewart; silver Republicans, two—Teller and Pettigrew.

Following the passage of the bill a resolution was agreed to asking the House for a conference, and Senators Allison, Aldrich, Platt of Connecticut, Burrows, Jones of Nevada, Vest, Jones of Arkansas, and White were named as conferees on the part of the Senate.

As Seen by a Visitor.

Mr. J. W. Buchanann, a prominent editor of Mississippi, was in Hopkinsville a day or two last week and the following extract is from the account of his visit in his paper, the Grenada Sentinel:

"Hopkinsville is a model city of about 8,000 population. It is beautifully laid out, well shaded, electric lighted, business houses are attractive and substantial, its residences handsome and stylish, and it bears throughout the impress of thrift, energy and an intelligent, harmonious, wide-awake population. Thanks to Mr. E. B. Long, the efficient president of the City Bank, our opportunities for observation were greatly enlarged by his courtesy in driving us about the city and surrounding country in his elegant turnout, and it was thus we were enabled to note the effect of good roads, for Hopkinsville's streets are not only macadamized, but the good work extends into the country for miles in all directions. The country adjacent to Hopkinsville is dotted with farms of wheat, corn and tobacco, the principal products, and it is here the signs of wealth and comfort are manifest in the handsome residences which greet the visitor. The country of Christian, of which Hopkinsville is the county seat, is in the famous pennyrail region of Kentucky, and nature has made it an ideal spot.

Our short stay in Hopkinsville, was made particularly pleasant by thoughtful courtesies from Dr. C. H. Tandy, one of the prominent dentists, who was extremely kind. Mr. W. A. Wilgus, the postmaster and manager of Hotel Lathan, an institution that would do credit to a city of five times its size, and his accomplished wife, were also generous in their attentions, and there were others to whom we feel grateful.

Rev. H. S. Snodgrass, of California, is the originator of "deep sea marriages." He is located at Monterey, and has a boat always ready in which to take runaway couples out beyond the three-mile boundary line so that they can be married without any bother or law or license.

Princess Troubetskoy (Amelie Rives) has entirely recovered from the nervous attack which prostrated her some time ago. She has recently returned to her home, Castle Hill, Va., and is hard at work on a new novel.

### SOLD TO C. B. ROUSE.

THE RACKET STOCK BRINGS \$20,400, \$830 MORE THAN APPRAISED VALUE.

Spirited bidding And The Price as a Whole \$3,400 Better Than The Cheap Sales.

Deputy Sheriff H. H. Goley, acting for Sheriff Davis, the receiver, sold the stock of The Racket store, under the order of the court, at public auction Wednesday morning at 10 o'clock. Great interest was taken in the sale not only by the local merchants but by several buyers from other cities.

The leading buyers from out of town were Messrs. Muehlmeier, of New York (Clafin's representative), Whittinghill, of Madisonville, for C. B. Rouse; Jones, of Mayfield; Lynch, of Dawson; McGehee, of Clarksville, and several others.

The stock was invoiced at \$28,801.66 and appraised at \$19,569.94. It was divided into 23 classes and first sold by classes. The Hopkinsville merchants, McGehee Bros., of Clarksville; A. M. Jones, of Mayfield, and Myers & Ezell, of Crofton, were the buyers, the sales aggregating \$16,650.

The stock was then offered as a whole, there being three bidders, Munheim, for Clafin, Whittinghill for Rouse and McGehee for the local merchants. The stock was started at \$17,000 and at \$18,000 the local men dropped out and the representatives of Rouse and Clafin continued the bidding until the stock was knocked off to Rouse at \$20,400.

This sale means that Mr. J. E. Kugler will resume business at once as manager for Rouse, who was the largest creditor of the house before it was closed by attachment.

The nature of the contract Mr. Kugler has with Rouse has not been made known.

The public will only be interested to know that The Racket Store, in the same building, with the same clerical force and under the same management, will be again open for business to-morrow morning, after having been closed since May 24th.

Friends and Brothers.

Dr. A. D. James, the new Marshal for Kentucky, has appointed as his official associates a couple of Western Kentucky negroes as deputy marshals. One is P. H. Kennedy, of Henderson, and the other Walker Blackburn, of Russellville. This is the first time Kentucky has ever had negro marshals. Geo. M. York, a white man from Central City, will be given a deputy's place and other white men may be appointed if they can be found to serve with the negroes.

In speaking of his appointments Dr. James said:

"You can say that I have always stood as the friend of the colored man and have always been willing to render that class any assistance I could. I have never had an opportunity to reward them politically, but am glad that I am able to do so now."

The Kentuckian's art has caught the idea in the above drawing, representing Dr. James and one of his deputies.

Six Thousand Delegates.

San Francisco, July 7.—Up to this morning over 6,000 delegates have arrived in the city, registered at the Christian Endeavor headquarters in the Mechanics' pavilion and were assigned to the places of abode for them by the Entertainment Committee.

Trains are expected to arrive every forty-five minutes to-day and to-night bearing delegates and visitors to the convention.

The New York Murder Mystery.

New York, July 7.—Martin Thorne, who has been suspected as an accomplice of Mrs. Mack in the murder of Wm. Goldenuppe, whose dismembered body was found scattered over the city last week, has been arrested and confessed to the crime. The murder was one of the bloodiest and most brutal that ever occurred.

Princess Troubetskoy (Amelie Rives) has entirely recovered from the nervous attack which prostrated her some time ago. She has recently returned to her home, Castle Hill, Va., and is hard at work on a new novel.

CLERK COURT OF APPEALS,  
SAM J. SHACKELFORD,  
of DaviesCIRCUIT JUDGE,  
THOMAS P. COOK,  
of Callaway.COMMONWEALTH'S ATTORNEY,  
W. R. HOWELL,  
of Christian.

Greece has announced herself ready to pay the \$20,000,000 required for Turkish indemnity.

Senator Isham G. Harris, the venerable Tennesseean, is hopelessly ill and his death is hourly expected.

Dinning, the negro who killed Jodie Conn, got seven years and was taken to Eddyville at once and expects an early pardon.

Judge Clinton L. Randle, of Hickman, one of the ablest and most successful lawyers in Western Kentucky, died suddenly of heart disease last Monday.

Frank James, the noted reformed outlaw, who is employed as "starter" at the St. Louis horse-racing, is visiting Col. Jack Chinn at Harrodsburg, Ky.

It is said Dr. Hunter has sold out his property at Burksville and is preparing to leave Kentucky and locate in the west, or else he has been promised some appointment that will take him out of the country.

Gov. Bradley has returned from Colorado and stopped the Worthington pardon mill. While away he parted with his flowing whiskers and was hardly recognized upon his return.

The Democratic Committee of Hopkinsville county adopted a resolution calling upon Mr. Jas. R. Rasm, of Earlington, to become a candidate for State Senator. All persons who endorse the principles of the Democratic platform were invited to take part in the primary election the first Monday in August.

The Courier-Journal is going the whole hog since its change of political faith. It editorially calls upon the Republican Governor to pardon the negro Dinning, who killed a white man in Simpson county, on the ground that his conviction was a "travesty on justice."

Judge Clint Randle, of Hickman, was a law partner of the present Senator Wm. Lindsay, soon after the war, the firm being Randle & Lindsay. Judge Randle died as he had lived, a loyal Democrat, something that cannot be said of Lindsay when he passes away.

Mr. Grover Cleveland, a partyless politician from Buzzard's Bay, has written another letter to the Iowa bolters advising them to "save the principles of my party from threatened abandonment." This raises a new question. The public had been led to believe that it was Henri Waterson's party. Whose party is it?

The 65 National Democrats of Christian county, one of last year's 66 having gone to California) will have a reunion of those still believing in gold standard prosperity at the court house to-morrow afternoon and will send 12 of their number to the mass convention at Louisville next week, to designate a man to be placed on the official ballot next fall by petition as a candidate for Clerk of the Court of Appeals.

Judge J. M. Anderson, of Nashville, who last week instructed the grand jury to indict the men for raising the price of ice nearly 50 per cent, is this week after the millers who have sought to lower the price of wheat. He has instructed the grand jury to investigate the alleged price-raising and return indictments against all who have violated the anti-trust law. Judge Anderson seems to be the right man in the right place.

The New York Sun has preached the funeral of the "National Democracy" and formally left it and avowed its allegiance to the Republican party. It declares that the National Democratic party is a mere clique that is an object of derision, and concludes:

"It is useless for any Democrat to shut his eyes to the plain and obvious facts of the political situation, which stare him in the face. The combination which gave Bryan last November more than 6,000,000 votes has now absolute control of the organization of the Democratic party; it is practically the only Democratic party with the authority of technical regularity. It is holding closely together everywhere. Populists and silver Republicans remaining in firm alliance with Democrats. The political allies move as one body in congress, and are united and aggressive in every state and district. They are controlling the conventions of the Democratic party as they occur successfully; there is no other organized Democracy; nor is any other possible in the absence of any common opposing idea or distinguishing principle about which to crystallize. The Democracy of the Chicago platform has distinct ideas to unify it and inspire it with enthusiasm."

The Middle of the road Populists held a conference at Nashville this week with 25 States represented. The Old Populist party having been officially merged into the Democratic party in most of the states, a committee was appointed to organize a new party. Until the money question is settled there is no more room in this country for two silver parties than there is for two gold standard parties. All free coinage advocates belong in the Democratic party, just as all gold standard followers will ultimately affiliate with the Republican party.

The great strike of mine workers for higher wages is growing day by day. The Pennsylvania miners to the number of 18,000 have quit work and now nearly 200,000 miners, including those in Mark Hanna's Pan Handle mines, are joining in the demand for living wages. Railroads are already confiscating coal shipped over their lines and everything points to a long strike. If it lasts until September 1st the estimated cost will be \$50,000,000. It is already the greatest labor revolt of the decade and is only for a day's old.

As anticipated in Tuesday's paper, the Republicans made no nomination for commonwealth's attorney. Breath it was nominated by acclamation and nothing further was done. The Republicans leaders say they will not take action in the other race "for the present." The truth is they are ready to confess defeat in advance and will leave the vacancy for a bolocrot, or to trade on in any way to help Breckitt.

Lieut. Gov. Worthless continued to issue pardons by the wholesale. This measure is from the Courier-Journal, a paper that helped to elect him.

Lieut. Gov. Worthington, while in office from June 18 to 30, issued thirty-four pardons and restored forty-seven convicts to citizenship. Since July 1 the Lieutenant Governor has not been well and has only pardoned about half a dozen.

## Thousands Celebrate

With thankfulness the restoration to health by the use of Hood's Sarsaparilla.

Think of the vast army who have been cured by this medicine—

Men, women and children, who have suffered the consequences of impure blood, who have been the victims of scrofula, sores, eruptions, dyspepsia, nervousness, sleeplessness. They have tried other medicines and have failed to obtain relief. They have tried Hood's Sarsaparilla and it did them good. They persevered in its use and it accomplished permanent cures. Do you wonder that they praise it and recommend it to you?

A man residing in Stratford, Vt., named one of his children Freedom because he was born on the fourth of July, and another Blizzard because he first saw what light there was on March 12, 1888.

## \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and the mucous surfaces of the system. There is no doubt giving the patient strength by rebuilding up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

## Nervous

People often wonder why their nerves are so weak; why they get tired so easily; why they start at every slight but sudden sound; why they do not sleep naturally; why they have frequent headaches, indigestion and nervous

## Dyspepsia

The explanation is simple. It is found that the impure blood which is continually feeding the nerves upon refuse instead of the elements of strength and vigor. In such condition opiate and nerve compounds simply deepen and do not cure. Food's Sarsaparilla gives the nerves pure, rich, red blood; gives natural sleep, perfect digestion, is the true remedy for all nervous troubles.

## CAUFIELD'S SAFE OPENED

**Books and Papers Are Found in Good Shape, but No Money.**

Eddyville, Ky., July 5.—John Young, of Hopkinsville, an expert safe man, was employed by Warden Murphy last week to open the safe in the prison clerk's office to which Caufield refused to surrender the combination. Mr. Young did his work neatly and quickly, opening the safe in about ten minutes. Books and papers were found in the safe, but no money.

This item is from the Pilot Rock letter in the Penobscot Review.

"Joseph and Harriet Menham are, probably, the oldest wedded couple in Christian county, if not in the State. Their ages are 80 and 82 years. They were born and reared in three miles of where they now reside. They have made Christian county their home all their lives, except a couple of years which they spent in Missouri. They were married in March, 1838, and have lived happily together ever since. They are both hale and hearty for people of such advanced age. "Uncle Joe," as he is called by all who know him, is as full of buoyancy and elasticity as most of them at forty. He has been an energetic farmer all his life, and still enjoys his trade; they are possessors of a remarkably large acreage, having raised eleven children, seven of whom are still living. They are the grandparents of forty-two children, which totals up a sum of seventy-eight great-grandchildren and great-grandchildren.

## A Face at the Window.

Kuttawa, Ky., July 5.—Excitement exists in Kuttawa to-night over the report that a wild man was seen on the outskirts of the town in a barbaric condition, frightening stock and creating subsidence. Marshal McCollum and a party are now trying to capture the fellow. He started several people at the supper hour by showing his maniac face at the window. He is tame, and is said to have been in the woods for several days.

## College War Still On.

Russellville, Ky., July 8.—Prof. J. L. Benson, who was elected a few weeks ago to fill the chair of Natural Science, in Bethel College, has sent in his resignation to take effect at once. It was a great surprise. The college war is still on.

## Quit on Account of Wage Cuts.

Columbus, O., July 6.—Reports indicate that one hundred and fifty thousand mine laborers have gone out on the big strike. The strikers are determined and mine owners refuse to raise their wages. It is difficult to foretell what the result will be.

The grand jury created a decided sensation at Louisville by ordering the board of public safety—Col. R. T. Tilford, Daniel E. O'Sullivan and Charles A. Wilson, Chief of Police, Thomas H. Taylor and Private Policemen Hickey and Cunningham.

The charge is that the members of the board of safety knew that three pool rooms were being conducted and knowing that they were gambling devices, refused to close them, thereby refusing to do their sworn duty.

It reports the jury administered a lesson of Attorney General to the city police.

Mr. Will Taylor, a brother of Fireman Henry Taylor, is suffering from a strange ailment. A couple of weeks ago he was cutting some wheat in a piece of ground where a reaper could not be used. In swinging the cradle his hand rubbed his left hip and the cradle slipped and fell on the hip joint. It is a very serious place and may render him a cripple for life. He has a wife and several children.—Owensboro Inquirer.
